

Living Incomes For Everyone (LIFE) was formed in 2020, and is a network of grassroots organisations, with endorsements from around Australia, including several unions. We are making the connection between the poverty of income support, low pay, and insecure incomes. Unwaged and waged workers together have a common interest in changing this system that causes poverty and low pay.

We encourage people to join our broad movement, either individually, or through an [endorsing organisation](#), to win an adequate income for all; so everyone can have a home, food and the other necessities for an adequate standard of living. LIFE believes **\$1100 a fortnight is the absolute minimum**, below which no-one should be forced to struggle for survival. We recognise that this level of income still leaves people in hardship, and we invite everyone to join us in our further campaigns for living incomes for all.

We demand:

1. \$550 a Week for Income Support!
2. No-one Left Behind!
3. Social Security with Dignity - End Harassment!
4. Secure Homes for Everyone!
5. Well paid, socially useful, sustainable work that mitigates climate change!

It is a **national disgrace** we have a government that as a matter of policy is determined to push more of its citizens into poverty and to drive thousands of wage earners closer to the poverty line. We need a movement of the people that is strong enough to say **NO** to this direction and to make sure that it is reversed.

For a more detailed explanation of our demands please visit our website at [Living Incomes For Everyone/ livingincomes.org.au](http://LivingIncomesForEveryone/livingincomes.org.au). While there, please consider joining/endorsing our campaign, subscribing to our newsletter for updates on actions, or donating to our efforts. If you have any further questions or would like to be more directly involved please email: livingincomes@gmail.com.
